## ALWAYS BE PREPARED

Although we've had a wetter summer than usual, things can still dry out quickly. It's important to stay prepared for the worst so you can relax enjoy the rest.

**Keep your petrol tank above half-full**

**Know where your important documents are**

**Pack a go-bag with water, firstaid, clothes, and food for you and your pets**

**Make a plan. Who can you stay with if you need to? Does your insurance cover fires?**

**Clear a buffer zone of 10-30m around your house**

## STAY INFORMED

or on facebook**

**Antenno App**

The Antenno App lets you know about what's happening in your area from water and power shut downs to road closures, extreme weather, and your local recycling and rubbish schedule. It also allows you to log complains with council in just a few clicks.
